

Prepare for the GED® Test

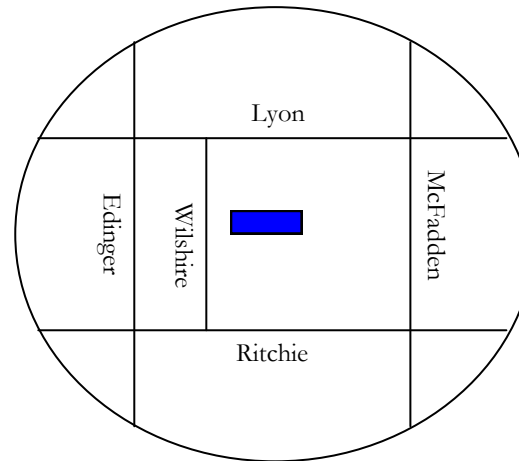

GED® courses are designed to ensure that students pass all sections of the test (Science, Social Studies, Math, Reading and Writing).

It is highly recommended that students take GED® preparation classes before investing money in the test. Preparation materials are available from many educational institutions, libraries, online, and in many formats, based on your style of learning.

Resources

- * California Department of Education (CDE): <http://www.cde.ca.gov/ta/tg/gd/>
